Transcendental Wisdom Journal Canvases of Cultural Creative Musings

As more people take time out from their extra-busy lives or to reflect on what's going on in the world, more and more are discovering the benefits of journaling. Lynnea Bylund herself has been keeping journals for decades. "Journaling can help you see your progress, remember day-to-day events and focus on matters of faith and consciousness. It's certainly worked for me," says author, meditator and business professional, Lynnea Bylund. Whether you want to make sense of your busy life or pause and reflect, journaling has a plethora of benefits just waiting to be discovered, adds Lynnea.

"In most lives insight has been accidental. We wait for it as primitive man awaited lightning for fire. But making connections through journaling is our most crucial learning tool, the essence of human intelligence; to forge links; to go beyond the given, to see patterns and relationships in context."

~ Marilyn Ferguson

Lynnea Bylund's Transcendental Wisdom Journal provides a simple & encouraging method to discover your innate intelligence and focus on deeper meanings and evolutionary healing from within. This beautifully illustrated self-exploration journal is also an ideal gift for a friend or loved one – it makes the perfect daily writing prompt journal for adults and teenagers alike.
